

## Institutional Distinctiveness

The college being situated in a small city surrounded by rural and semi urban area aims to cater to the needs and aspirations of the young women who aim to transgress the orbit of their limitations and aspire to reach out to higher goals than their city permits. It has a vision to make the young girl students of the area ready to take a leap towards a wider world which will offer them much better prospects for their career and future. It has a vision to shape the young minds into progressive, forward looking, and liberal minded individuals with a scientific temper and cosmopolitan approach.

The major thrust of the institution is to excel in teaching and learning. The college a firm believer in merit based education always appoints qualified and competent faculty. The attrition rate is quite minimal as the maximum number of temporary/adhoc faculty is retained by the institution. Consistent merits is the major achievement of the college inspite of the assorted stuff of the students. Detailed analysis of the results is enclosed herewith for comparative study.

B.Com.(Voc.)	03		

The college wishes to see its students as transformed personalities ready to fit in any environment. It may be public sector, private sector. Corporate, law, forces, sports, culture, media, research, teaching, theatre and numerous other fields. The institute can proudly claim to have provided such achievers to the society over the years and is successfully moving from strength to strength in the path of materializing the vision it has created for itself.
